New garden is a breath of fresh air for young family

Leanne, Chris and their daughters Ruby and Bonnie, moved into their new home in Husbands Bosworth at the end of September.

Moving from a second floor flat, with no garden or lift, into their new home will

transform life for the young family.

After living through lockdown with no outside space, a home with a garden is a breath of fresh air for them! And it's the perfect location, with family in the village and close by, a park around the corner and a great school and village shop nearby.

Would you like to see your favourite recipes in our cookbook?

Our partners at emh are creating a community cookbook, full of all your favourite recipes that you made during lockdown.

The cookbook will be a collection of recipes submitted by residents, along with a short description about why these are your favourites and what they mean to you.

We aim to publish a free online version of the cookbook in December and sell hard copies to raise funds for activities for users of emh care and support services.

If you would like to contribute one or two of your favourite recipes, please send them to us. Please also include a short note about what memories they evoke,

why they are long-standing family favourites, or what they meant to you during the lockdown, along with your contact details. They could be recipes you've made up or just old favourites. A picture of your creations would also make a great addition to the book.

Please send them in by **31st October** to communications@midlandsrural.org.uk or by post to Helen Prew, Communications Team, emh group, Memorial House, Whitwick Business Park, Stenson Road, Coalville, Leicestershire, LE67 4JP
